

TICYUrb'18: Call for Papers and Posters:

The TICYUrb (*Third International Conference of Young Urban Researchers*) is an international event that aims to echo frontier research, artistic works and professional practice related to different urban contexts around the world, under an environment of vibrant dialog between academia and society.

The conference is split in ten tracks: **Collectivecity** (the right to the city: 50 years later), **Productcity** (the city as a product), **Diversitycity** (diversity in the city), **Fractalcity** (the city amid policies), **Ucity** (utopias and dystopias), **Fearcity** (in-security), **Metacity** (ways of thinking and making city), **Transitcity** (migrations and racism), **RiskCity** (risks in the city) and **City O'clock** (24 hours in the city).

We encourage the submission of theoretical or empirical works about these topics. TICYUrb wish to act as a bridge between social, human, natural and all other scientific domains, so every paper will be welcomed and accepted for consideration.

Abstract of max. 500 words and a short biography/Vita via must be submitted via the form in our web-site.

We accept papers in English, Portuguese, Spanish, and French.

Authors should let us know in which language they prefer to present their papers.

This event will be a platform for sharing ongoing or recent work, open debate and networking. In parallel with the **conference sessions**, there will be **open debates among young professional**, exclusive **networking sessions**, and **field excursions**, among other activities.

TICYUrb will be held in Lisbon from June 18th to June 22nd 2018 at ISCTE-IUL
