

***International Conference
Local Communities and Way of St. James
Alliances and threats***

1st circular

The **International Conference Local Communities and Way of St. James. Alliances and threats** will take place in Santiago de Compostela, at the Faculty of Philology of the University of Santiago de Compostela. From **the 27th to the 30th of October 2021**, as an on-site event.

The Organizing Commission invites interested researchers to send their proposals regarding **communications, panels, project presentations** or any other **academic items** (books, documentaries, etc.) in relation with the following thematic lines:

- Sustainable tourism and responsible tourism.
- Tourism and local communities.
- The Way and local communities.
- Economic, environmental and cultural impacts in local communities.
- Local and regional production and visitors.
- Cultural and touristic local policies.
- Applied technologies for the analysis of the interaction between the The Way, tourism and local communities.
- Other itineraries and local communities.
